GAME FOR 1 PLAYER

• MARATHON

An 18 questions game which allows you to determine your strenght. Each correct bid is worth 5 points.

Your overall score is given as a percentage : above 90% you are advised to play at the next higher level.

• LABYRINTH

10 gates separate you from the way out of the Labyrinth.

A correct answer, one less gate to get past.

A wrong answer, one more gate.

20 gates from the exit and you've lost.

The score indicates the number of gates which remain for you to get past.
